Steve and Gail Fiolkoski hosted their first private treaty open house in more than seven years at the farm south of Pierce. A good crowd was on hand to view the bulls and enjoy a free brisket lunch. The format had a floor price on each bull and if a buyer was interested in a bull, he or she put their buyer number on the board behind that lot number. At the end of the day, more than two-thirds of the offering was sold.

Topping the sale was Lot 4, SEGA Twister 812T, a black double polled son of YCC Alliance 45 out of a High Plains P.I. daughter. This bull sold for \$2,450.

The next high seller at \$2,350 was Lot 3, SEGA Third Degree 158T. This homozygous black Baldrige Nebraska 901 son is out of a DDF Otis ET daughter.
