5	Show Steers	\$1,140
291	Commercial Bred Heifers	\$1,089

The Eagle Pass Ranch Fall Female Sale featured top quality registered and commercial females, along with elite show heifer prospects. It was an excellent opportunity for breeders to build their herd from Eagle Pass quality genetics or to add that elite donor to their program.

Topping the sale at \$12,000 was the black, homozygous polled donor female EGL Leah Rae P006 ET. Leah Rae is sired by EGL Fosters out of EGL Leah, 2000 Reserve National Champion Female. Wattis Ranch LLC of Casper, Wyo., added Leah Rae and her EGL Northern Wind heifer calf to their growing program.

Gelbvieh Bar None of Marion, N.C., added Lot 24, EGL Velvet P008 ET, to their program. Velvet, the 2005 SEGA Heifer Futurity Third Runner-Up, is an EGL Foster daughter out of JDKG Vanna ET. The winning bid was \$6,000.

David Butts of B&W Farms LLC of Princeton, Ky., bid \$5,750 to own Lot 25, EGL P016 ET. This SLC Freedom daughter is out of Eagle Pass Ranch's premier donor female, EGL Phoebe G374.

Lazy S Gelbvieh Farm of Ball Ground, Ga., slipped into the next high seller slot at \$5,500 for Lot 2, TJB Vivian 110K. This donor female featuring TJB Sleepy 161F ET on the top side and BTI Miss Vickie V 2029G on the bottom side combines the Helen B and Vickie Vail cow families in one pedigree.

Steve Smith Gelbvieh of Lehi, Utah, bid \$4,900 for Lot 27. This fancy-made red SLC Freedom daughter is out of an EGL Bullseye female and sold bred to EGL Red Oak 2903 for a Balancer calf.

The top selling show heifer prospect sold to Carrie Tilghman of Glasgow, Ky. Watch for Lot 8, an EGL Fosters daughter out of an XXB Drew female, on the show road this summer.

Cattle sold into 13 states.

EGL Leah Rae, featuring national champion genetics on the top and bottom, sold for \$12,000 to Wattis Ranch of Wyoming. Leah Rae is a full sib to the 2006 SEGA Breeder's Choice Heifer Futurity Second Runner-Up.
