J&K Farms of Illinois joined forces with Myers Farm and Wolf Creek Cattle Company of Farmington, Mo., to host the first Genetic Progress Production Sale.

Topping the sale offering was Lot 1, JKGF Trendsetter 55R ET. This homozygous black, homozygous polled son of KCF Bennett Kingpin K403 found a new home with B&B Farm in North Carolina for a final bid of \$6,750 for fall possession and half semen interest.

Other high selling lots include:

Lot 27: \$3,500—DMM Serenity, February 2006 purebred daughter of TLR Cocoa 35C selling safe to Carolina Fortune. Consigned by Myers Farm; buyer: Kyle Becker of Indiana.

Lot 17: \$3,300—JKGF 99R, an August 2005 purebred daughter of XXB Titanium 921N that sold bred to Carolina Fortune. Consigned by J&K Farms, purchased by Little Windy Hill Farm of Virginia.

Lot 8: \$3,100—MYFM Tiffany 4S, a January 2006 Balancer daughter of Ironwood New Level out of a Bar GT Mach One daughter. Sold bred to KCF Bennett K503.
